ANJUMAN EDUCATION SOCIETY SHEGAON

F2 BULDHANA

**ANJUMAN PRIMARY, HIGH SCHOOL & JR. COLLEGE
OF SCIENCE AND ARTS SHEGAON**

Message from the Vice President.

With the pious aim of **service, sacrifice and devotion** Anjuman education society is working for 60 years continuously to make the quality education accessible for the society. It gives me great pleasure and pride to present the progress report of Anjuman. Anjuman education society is the only intuition founded by Memon family in the region which is catering the educational needs of the thousands of the students in the region selflessly. The Institution is known for the selfless services to make accessible the quality education for the society. It is one of the renowned institutions in the area. Not only the students from the Shegaon but also the students from rural areas are benefitting through the venture of the society.

The Institution runs the school from Ist standard to 12th standard. The infrastructure of the school is catering the educational needs of the students from the Shegaon and its vicinity.

The innovative techniques of the institution get appreciation all around the region and the enrolment of the students is increasing. The introduction of Semi English section at zero fees is the dream project of the institution. It has got huge success as the students belonging to the weaker section of the society get a golden chance to access the quality education parallel to the highly paid convent and English medium schools in the region. The results of S.S.C AND H.S.SC give new hopes to the students as the institute is marching towards the greater goals of education. The institution is leading towards the brighter future of the community as number of students of Anjuman is shining in the field of Medical science, Pharmacy, Paramedical, Engineering, business management and even in then Bollywood film industry and DRDO changing thereby the acute cycle of poverty.

Now Anjuman is looking to open the door of higher medical and technical education to enrich the lives of underprivileged section of the society. The youth of the community have the immense talent and competency; they just needed the proper channel of education to exhibit their talent. The institution endeavouring to create the educational hub for these students to enable them to devote their services for the nation with their talent and competency.

ATIQUE MEMON

INTRODUCTION TO ANJUMAN SHEGAON

- The institution is founded by the forefathers of Memon family in 1938 but due to the lack of resources and inadequate atmosphere it has to stop the educational work in 1948.
- But in 1958 a great young devoted person Late Alhaj Abdul Sattar Ibrahim seth kacchi from the memon family arise with full courage having the pious spirit of social service to impart the education.
- The institution is flourishing and spreading the knowledge and education not only to the people of Shegaon but also to the resource less students coming from the villages adjacent to the town.
- The Institution runs the school from Ist standard to 12th standard. The infrastructure of the school is catering the educational needs of the students from the shegaon and vicinity.
- The institution has got the energetic and selfless leader like Mohd Rafique seth Memon Sb who has made the **radical changes** in the organization with his hard work and devotion. The School is turned **into the jr college of science in 2000** and it has started the **Arts section in 2005**. It empowered the people coming from the poor background. It has given the opportunity to those students who have to quit the education due to the poor financial condition
- **Our vision**
To impart the basic as well as technical and scientific quality education to the weaker section of the society especially to the students belongs to poor family of the minorities to make them self -sufficient and self -reliant to serve the global society by inculcating the ethics and values.
- **Our Mission**
• To provide the quality basic education as well as higher education to the students belonging to the minorities as well as other weaker section of the society by creating the scientific and broad human outlook among the students belonging to the poor family to make them self -sufficient and self-reliant and to enable them for serving the nation and global society.

AIMS AND OBJECTIVE.

- To recognize, promote and develop the capabilities and universal values in the student needed for cohesion and welfare of society and nation.
- To equip the students with adequate employability skills and knowledge, inter personal skills and global outlook to gain meaningful employment on completion of their studies.
- To mould students as worthy citizens with moral & ethical values with strong societal commitment to fulfil their obligations to the society and nation at large.
- To promote high standards of education in students so that they can use their potential to play a critical role in shaping the texture of society & nation as well.
- Practising innovative, responsible & systematic integration of technology in education along with humanistic skills.

- **The socio-cultural activities of the society are as follows**

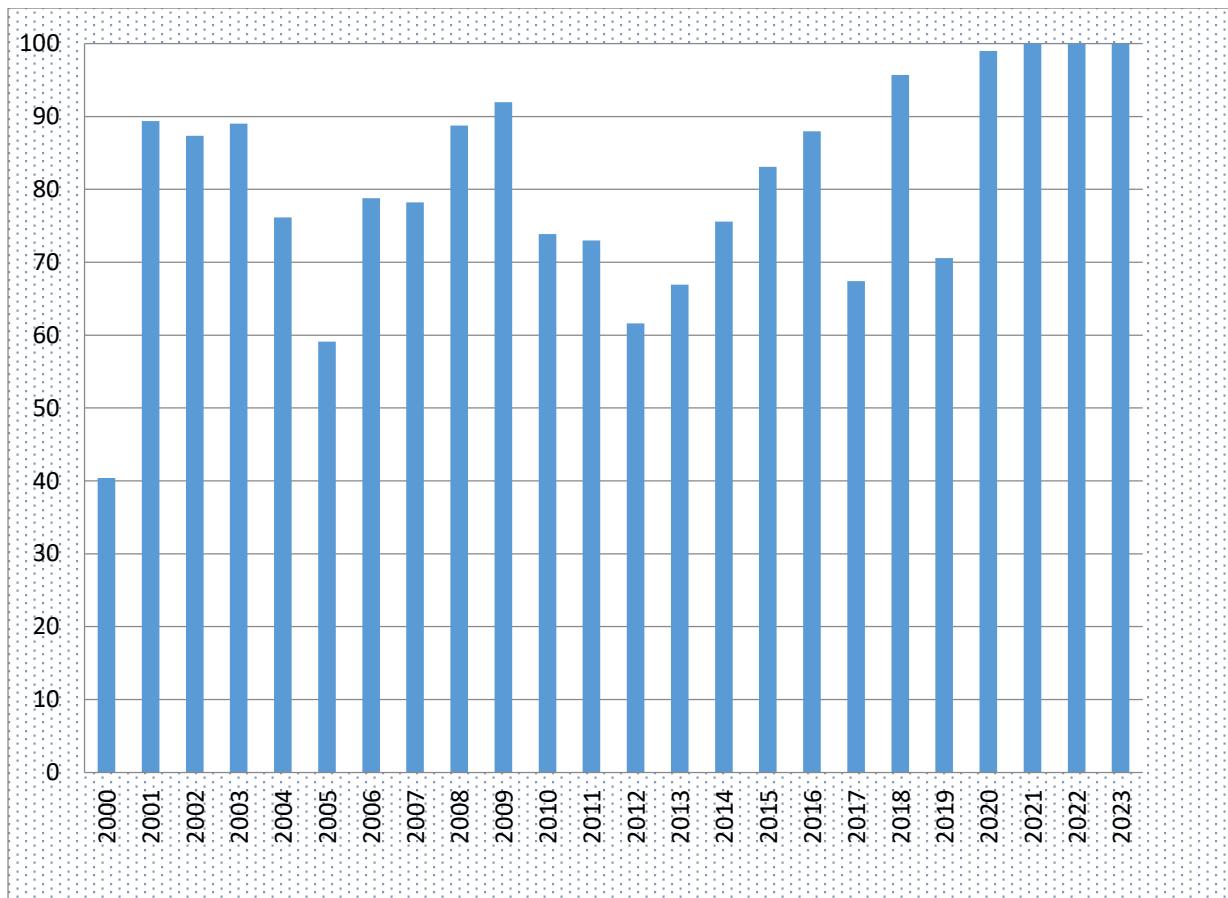

- **CELEBRATION OF IMPORTANT DAYS.**

like Independence Day, Republic Day, International Human Rights Day, International Women's day world AIDS day, constitution day etc.

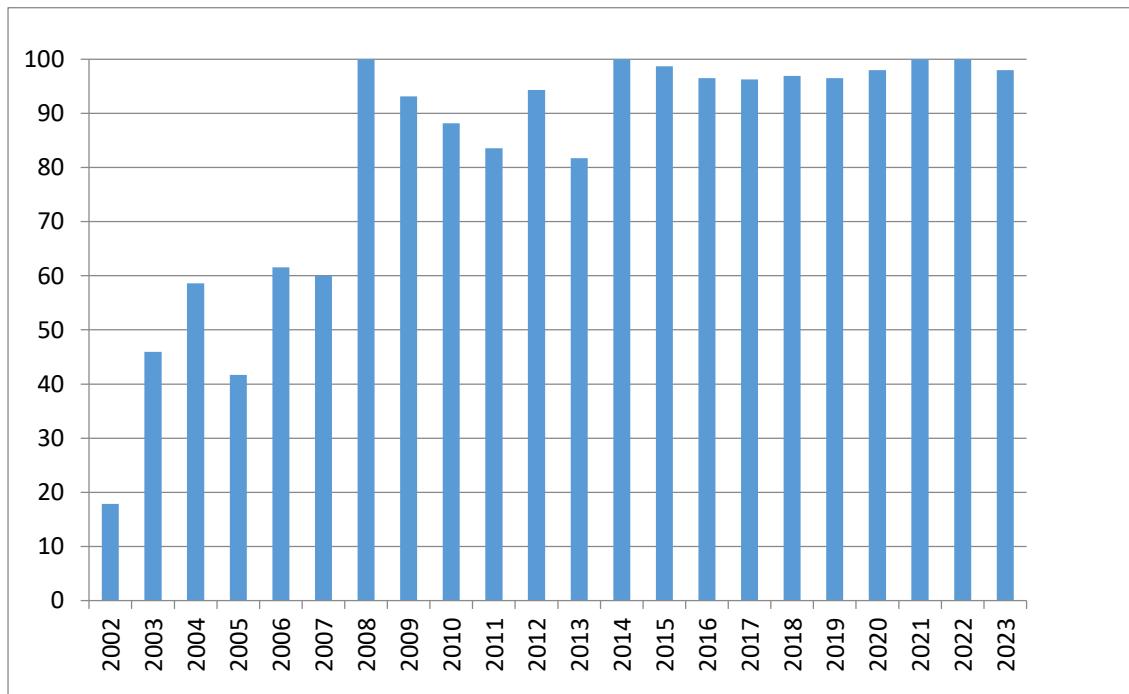

- **Education Awareness campaign**
- **Food distribution for the needy.**

FUTURE PLAN

The Project for senior colleges

- To create the Youth who would serve the Nation and the world at large with their Skills and knowledge. The institute is confidently looking to open the door of medical and technical education.

Vision 2030. (Creating the empowered youth to serve the nation through education)

Short term Plan:

- Skill development through various courses
- Excellence in education
- Creating the educational atmosphere by motivating the students to face the competitive exam e.g MPSC & UPSC and others

Long term Plan:

- Establishment of senior colleges.
- Expanding our institution to serve as a source of quality education to especially weaker section of the society by spreading the education in remote and rural areas of India.
- To serve the nation by spreading the message of peace and humanity through the educational platform.

Together we pledge to do our best to achieve the dream of empowering the youth to become self-sufficient and self-reliant and thereby break the vicious circle of poverty and ignorance with the help of education
